Re: Notification of Postponement of Demolition and Renovation
40 CFR 61.145(b)

Dear Mr. Tu:

On April 4, 2016, the Merck Sharp & Dohme Corp. facility in Rahway, NJ (Merck) submitted an updated notification to demolish 2067 Bond St. beginning on April 25, 2016. The 2067 Bond St. demolition has been postponed and will not begin on April 25, 2016 as previously notified. Once the new start date is set for demolition of 2067 Bond St., Merck will submit an updated notification.

As required by 40 CFR 61.145(b)(3)(iv)(A)(1), a telephone call was placed to the USEPA- Region 2, Asbestos Section Office on April 21, 2016 to notify that the start date for this demolition has been postponed and that Merck would re-notify when the new start date for demolition of 2067 Bond St. was set.

Please contact Ms. Kathi Bragdon at (732) 594-7558 if you have any questions or need additional information.

Sincerely,

Sandra Schenk
